CUSTOMISED CADAVERIC CERTIFICATE COURSE

For Dermatologists &
Plastic Surgeons only

12th - 13th - 14th April,
2024

Ramaiah Advanced
Learning Centre, Bengaluru

About DiAS

DIAS came into being to meet the ever-increasing demand for skilled professionals in the field of Dermatology/Aesthetics and Plastic Surgery.

We observed the absence of any customised training program for lasers and aesthetic procedures for post graduate Dermatologists and Plastic Surgeons. There, thus came the need to provide affordable training at International standards.

Our highly esteemed faculty comprises of world renowned stalwarts of Dermatology and Plastic Surgery.

Our Mission

Our mission is to enable post-graduates in Dermatology & plastic surgery to navigate the nuances of an aesthetic clinic.

We strive to hone the skills of our students with top notch training services and ultra modern, evidence based clinical practices, in a safe and state of the art environment.

The Aesthetics and Skin Institute (ASI) is a global training institute organization based in Australia. Through the **DIAS collaboration** we're together offering certified online courses as well as offline exchange programs to help you become confident practitioners in cosmetic injectables, threads, lasers, skin therapy, anatomy and much more. Formerly known as the Cosmetic Institute of Australia, ASI was relaunched in 2020 and now carries the Anatomy of Injectors resource under its belt of world-class aesthetics training courses.

WHY the Aesthetics and Skin Institute?

Trusted Accreditation - All courses are CPD Certified. Injectables courses are ACRRM Accredited.

Led by Doctors - Anatomy based training designed and provided by industry leading doctors

Global Training - Holistic Coverage of aesthetics and skin disciplines popular around the world.

Comprehensive Pathways - Distinct professional pathways from beginner to advanced.

Dr. Ben Chan is an experienced aesthetics doctor who has worked within the cosmetics and skin field **since 1984**.

He is a visionary & leader within the industry who has pushed the boundaries of aesthetics medicine in Australia & beyond.

He runs 5 cosmetic skin clinics, 3 superclinics and specialises in cosmetic injectables, lasers, threads, and much more.

Dr. Lucas De Siqueira is a cosmetic practitioner qualified from the Federal University of Minas Gerais - Brazil.

Having moved to Melbourne in 2012, Dr. Lucas is the owner and founder of 'Essence Healthcare' and 'LDS Skin Cancer and Cosmetic medicine'.

He is now an internationally recognized practitioner and trainer for cosmetic practitioners for dermal fillers, botulinum toxin and PDO threads face lifts.

The DiAS Advantage

Train with international faculty

Learn the Anatomy of Injectables on Cadaver with the Pedagogical visionaries

Rigorous training with a minimum of 2ml fillers

International Exposure

Learn the nuances of setting up your own clinic.

Practice management guidance.

30 SI units toxin/trainee

3 day focussed training on injectables

Certified by ASI Australia

Customised hand holding by masters.

4Cs ALUMNI TESTIMONIALS

"I attended their workshop last year and this is my second year. I would really, really recommend this to everyone who's a starting dermatologist, who wants to do injectables. It's out of the world and it's really, really good. And the mentors, they are actually hand-holders through every procedure and they'll really explain well how to go about it.
It was a really good experience."

- Dr. Sharon Dominic, Kerala

I am here again because I think I can learn a little bit more about what I am doing and what mistakes I have been making. Yes, it is fruitful because in the lower phase, I had some doubts, and now I am able to correct them. It's also a very good chance to meet the mentors, gain more inputs from their experiences, learn from their mistakes, understand what they have done, and how they have corrected those things. All these aspects contribute to significant improvements in our practice. That's why I'm here.

- Dr. Karthik Raja, Chennai

I got to perform botox for both the upper and lower face, and then fillers for the upper and lower face, all mentored by different kinds of mentors. Each and everybody is just so patient and wonderful. They come, stand next to you, point out exactly where you need to inject, explain the points of injection, how it has to be injected, and how many milliliters you need to use. Right from the basics, they stand with you and guide you throughout. It was such a great experience.

- Dr. Preeti, Hyderabad

I have been to other workshops for cosmetology and aesthetics, however this one is really different from whatever I have learned so far. This kind of teaching is rarely seen in our country, where each mentor guides you, holding your hand, and exactly shows where we can go wrong and when not to. So, I would really say to everybody who has a little bit of interest in cosmetology or wants to learn more about aesthetics, please come and at least see how things are done.

- Dr. Oindrila Dutta, Kolkata

DIAS FELLOWSHIP PROGRAMS

DIAS FELLOWSHIP TESTIMONIALS

They say “sometimes the smallest step in the right direction is the biggest step of your life.” Joining DiAS fellowship under Dr. Neeraj Pandey Sir at Dermaklinik Lucknow made me believe that I can achieve the best version of myself. Dr. Neeraj Pandey and Dr. Tulika Bhargava Pandey are the best mentors. Dias trained me finest in aesthetics as well as core dermatology along with basic art of patient handling. Personality grooming program by Nitika Mam and her pearls of wisdom supported me throughout. Dias gave me confidence to stand apart and I am truly thankful.

- Dr. Harmeet (DiAS Lucknow)

Thank you DIAS and Dr Sachin Dhawan sir (Skin n Smiles Clinic) for the training course that you provided me with, which was full of amazing cases and procedures. Even in this situation, they managed the course for me as per my need & Dr. Sachin showed me almost all the procedures (lasers, injectables, etc.) and answered all my queries. And the hands on helped me a lot too to build my confidence. Lastly, thank you Nitika Ma'am & entire team of DIAS & Skin n Smiles Clinic.

- Dr. Saujan Subedi (DiAS Gurgaon)

Words are not enough to express my gratitude towards my mentors, Dr. Anil Ganjoo sir and Dr. Amit Luthra sir, who have been kind enough to take me under their wings and train me in the art of aesthetic medicine. The doyens in the respective fields, they have held my hand throughout the four-month journey and taught me everything, from basics to advanced, from theory to practical in a way that only be experienced, not described in words. I am forever indebted to them for their teachings.

- Dr. Prateek Nagrani, MD (Fellow [Lasers & Aesthetics] DiAS Delhi)

Undergoing fellowship under ma'am has been a wholesome experience. Everyday with her is a workshop. I was exposed to not just procedures and SOPs but best practices and ethics. Ma'am has been always there, answering all my queries during observation and hands-on. Weekly classes with ASI provided exposure to practices followed internationally. Lastly the soft skills sessions gave insight into the much needed interpersonal and practice management skills.

Dr. Jayanti Singh (DiAS Mumbai)
